# Welcome to Italy and Naples

On behalf of the European Chapter of the International Coral Reef Society, it is with great pleasure that we welcome you to Naples for the second edition of the European Coral Reef Symposium [ECRS], between 2 and 5 July 2024.

Naples represents an excellent opportunity to bring together members of the international coral reef scientific community in a location that offers historical and artistic attractions, a wide array of accommodation and transportation options and meeting facilities of the highest level at the center of the Mediterranean Sea.

Based on the experience from previous European and International Coral Reef Symposiums, we focus on the opportunities that holding this conference in Naples will provide, in terms of attractiveness and accessibility, affordability, quality of conference plan and facilities and regional participation.

We definitely believe that the conference in Naples will support the goals of ECRS and will result in high attendee satisfaction, technical rigor, expanded brand and recognition for ECRS in Europe and in the World.

## PROGRAM OVERVIEW

The conference is fast approaching and promises to be a rich experience of learning, connection, and discovery. Here is a preview of the July 2-5 program:

### TUESDAY - JULY 2<sup>nd</sup>

**Locations:** 1. Anton Dohrn Zoological Station | [Via Francesco Caracciolo - Naples](#)  
2. Basilica di San Lorenzo Maggiore (Welcome Cocktail) | [Piazza San Gaetano, 316 - Naples](#)

**Hours:** 09:00 am to 06:00 pm, 06:30 pm onwards Welcome Cocktail

**More details:** The day will start with the Pre-Congress at the Zoological Station Anton Dohrn, where registration and accreditation of participants will take place. We also remind you that, during the registration phase, it will be possible to book a visit to the aquarium and museum. At 06:30 pm everyone is invited to the Welcome Cocktail at San Lorenzo Maggiore. Here, in addition to enjoying a moment of relaxation and socializing, it will be possible to complete the remaining accreditation. To reach the venue (San Lorenzo Maggiore), it is recommended to use public transport, in this case the subway line L2, starting from the stop Piazza Amedeo and getting off at the stop Napoli Piazza Cavour.

### WEDNESDAY - JULY 3<sup>rd</sup>

**Location:** Città della Scienza | [Via Coroglio, 57/104 - Naples](#)

**Hours:** All Day

**More details:** The second day of the conference will be held at the prestigious Città della Scienza. This innovative facility will be the beating heart of the event, providing an inspiring environment for interaction and the exchange of ideas. You will be able to reach the venue via our transfers, which can be booked during the conference registration phase, or by public transportation. The opening ceremony will mark the beginning of a busy day of sharing and insight. During the morning we will have coffee breaks. We will break for lunch at 01.00 pm. We will conclude the day by welcoming you to the Cocktail & Poster Session, where you can explore new research and interact with the poster authors. Finally, for those who wish to deepen their experience, an optional tour will be available to explore the attractions of Science City and the surrounding area.

### THURSDAY - JULY 4<sup>th</sup>

**Locations:** 1. Città della Scienza (Day) | [Via Coroglio, 57/104 - Naples](#)  
2. Chiostro di Santa Chiara (Conference Dinner) | [Via Santa Chiara, 49/C - Naples](#)

**Hours:** 09:00 am to 06:30 pm, 08:00 pm onwards (Conference Dinner)

**More details:** This exciting day at the Città della Scienza promises to be filled with engaging activities and learning opportunities. After arriving at the venue via our bookable transfers or by using public transportation, you will be greeted by an engaging Plenary Session that will kick off high-level discussions and presentations.

After the plenary session, we will set aside 10 minutes to take a group photo, a special moment to capture the experience with your colleagues. Afterwards, you will have the opportunity to recharge your energy during Coffee Break and Lunch, perfect times to socialize and share ideas.

In the late afternoon, we will participate in the stimulating Cocktail & Poster Session, where you can explore the latest research and interact with poster authors.

The day will conclude with the prestigious Conference Dinner, a perfect time to relax, celebrate and make new connections in a convivial and welcoming environment.

### FRIDAY - JULY 5<sup>th</sup>

**Location:** Città della Scienza | [Via Coroglio, 57/104 - Naples](#)

**Hours:** All Day

**More details:** This last day will be the same as the others, with the exception that the Closing Ceremony will take place instead of the Cocktail & Poster Session.

## CONFERENCE VENUES

The Symposium will be held in two different venues in Naples:

STAZIONE ZOOLOGICA ANTON DOHRN (Anton Dohrn Zoological Station) | *Via Francesco Caracciolo - Naples*

**Pre-Conference workshops | Conference Icebreaker**

The Stazione Zoologica Anton Dohrn is a research institute in Naples, devoted to basic research in biology. Research is largely interdisciplinary involving a variety of fields such as molecular biology, biochemistry, neurobiology, and marine botany among many others. Founded in 1872 as a private concern by Anton Dohrn, in 1982 the Stazione Zoologica came under the supervision and control of the Ministero dell'Università e della Ricerca Scientifica e Tecnologica as a National Institute.

CITTÀ DELLA SCIENZA | *Via Coroglio, 57/104 - Naples*

**Opening ceremony | Conference sessions | Poster sessions | Closing ceremony**

The Città della Scienza is a centre for promoting and raising awareness about science and technology situated in Bagnoli, a district of Naples.

It offers the most significant Conference Center in Southern Italy. Thanks to its architectural beauty and innovative hi-tech content, the conference centre is a modern and prestigious location with versatile modular and multi-functional spaces, large outdoor equipped areas, and highly specialized services for organizing conferences, gala events, conventions, and temporary exhibitions.

## HOW TO REACH NAPLES

### From Napoli Capodichino Airport

The closest airport to reach the city of Naples is **Napoli Capodichino International Airport**.

From the airport, there are two main **train lines** leading to the city center: the 3S line to **Piazza Garibaldi** (Central Railway Station) from which it is then easy to take all the buses or the metro leading to the various parts of the city. The 3S leaves every 30 minutes from the front of arrivals, from 5.20 at 23.20, ticket price (Single) € 1.10 for a single journey.

Airport also has a dedicated **Alibus** line leading to **Piazza Garibaldi** (Central Railway Station, the metro and buses all over the city) and **Piazza Municipio** (city center), in front of the port and the ferries to the islands of the gulf. The Alibus runs every twenty minutes and is in operation from 6:30 am to midnight, tickets cost € 3. Tickets can be purchased at newsstands and tobacco shops of the airport or on board with a surcharge of € 1.

### From Rome

If you are flying to **Rome**, you can take a high-speed train directly to Naples.

Many international flights land at the **Rome Fiumicino Airport**. From here, you can take the Leonardo Express airport train that takes 30 minutes to reach the main **Rome Termini Central Railway station** located in the city center. At Rome Termini, connect to a **high-speed train to Naples**. The entire trip from the Fiumicino airport to the Naples via train will take about three hours.

A number of budget airlines land at the Rome Ciampino airport; from here you can take an airport shuttle bus to the Rome Termini Central Railway station and connect to Naples via high-speed train.

## HOW TO REACH THE CONFERENCE VENUES

### FROM PIAZZA GARIBALDI (CENTRAL RAILWAY STATION OF NAPLES)

To: STAZIONE ZOOLOGICA ANTON DOHRN (Anton Dohrn Zoological Station) - Estimated time: *25 minutes*

Take the **MET train** or the **Subway Line 2** and get off at PIAZZA AMEDEO Subway/MET stop. From Piazza Amedeo, take via Vittoria Colonna and then turn right onto via S. Pasquale. At the end of the street, you will see the Anton Dohrn Zoological Station in front of you, entering the public gardens.

To: CITTÀ DELLA SCIENZA

**Option n. 1** - Estimated time: *55 minutes*

Take the **Subway Line 2** or **MET train** and get off at BAGNOLI Subway/MET stop. From Bagnoli, you will find a **free shuttle** to the venue "Città della Scienza", at the beginning and end of the day, which can be **booked through the registration card**.

**Option n. 2** - Estimated time: *50 minutes*

Take the **Subway Line 2** or **MET train** and get off at MONTESANTO Subway/MET stop. Walk to MONTESANTO Railway stop, take **Railway Line 9** and get off at BAGNOLI Railway stop. From Bagnoli, you will find a **free shuttle** to the venue "Città della Scienza", at the beginning and end of the day, which can be **booked through the registration card**.

**Option n. 3** - Estimated time: *25-35 minutes*

Take the shuttle bus that you can book via the registration form.

Price: € 15€ round trip

Stops: from the centre of Naples to the venue "Città della Scienza" and vice versa.

## LOCAL TRANSPORTATION

### METRO, RAILWAYS AND FUNICULARS

Three **underground lines** (Line 1, 2 and 6) and four **funicular railways** (Centrale, Chiaia, Montesanto and Mergellina) support you moving around Naples. **Circumflegrea** and **Cumana** are the railway lines that link Naples with the Phlegrean area. **Circumvesuviana** provides links with the suburbs of Naples as well as with Pompeii and Sorrento. The **Garibaldi Train Station** provides connections with Campania Region as well as all Italy.

The ticket for metro Line 1 costs only € 1,10!

### BUSES

The most useful local transport getting around the centre of Naples are the buses. There is for the first time visitor an impenetrable number of route numbers.

Unless you are staying in a hotel in the suburbs your travel will be in and around the centre of Naples. Here the buses travel down just a few main roads that cut through the centre. For most tourist journeys you will have a choice of several routes to complete your journey.

### TAXIS

Licensed taxis in Napoli are white in colour and bear the sign "TAXI" on their roofs. Their license number is shown inside the vehicle on the back left-hand door.

**WARNING:** Any other vehicles waiting at the airport exit could be driven by unauthorised persons and the fares charged could be higher.

## GENERAL RECOMMENDATIONS

Please set your mobile phones to “silent” mode during all Conference sessions and presentations out of respect for the speakers.

We would request all attendees to ask respectful questions and avoid dominating presenter question time to further their own particular agendas. The question time that follows the talks is intended to give presenters the opportunity to expand on their subject in response to the audience’s questions and not a platform for members of the audience to reply individually.

Smoking is not permitted on the Conference premises.

## NON-DISCRIMINATION AND SUSTAINABILITY POLICIES FOR ECRS 2024

ECRS 2024 will adopt the following safer space policy and implement numerous diversity and inclusivity initiatives in the ongoing effort to improve diversity and inclusivity in this conference.

### Specific Diversity and Inclusivity Initiatives

- ECRS 2024 aims to have gender and geographical balance: In the speaker, selection care will be exercised to guarantee a gender balance and a geographical representation.
- Safer Space Policy: A safer space policy aims to foster an environment of respect, which makes all participants feel welcome – particularly those who are typically marginalized or excluded, whether by religion, ethnicity, sex, gender, or sexual orientation. Differing opinions and perspectives are crucial to effective discussion but all attendees ultimately take responsibility for their own speech and behaviour – in person and on social media – throughout the entire event and associated social gatherings.

- **Social sustainability:** An event is considered socially sustainable when designed, planned and realized with a strategy that minimizes negative environmental impact and leaves a positive legacy to the host community. Over the years Symposia has been implementing a large number of operational best practices for the daily running of its structure and all its events, from the selection of materials according to eco-sustainability criteria and the energy efficiency of the equipment, to the procedures for possible work peaks and for the replacement of absent staff.

#### **Attendees are encouraged to:**

- Ask respectful questions and avoid dominating a presenter's question time to further any particular agenda. Question time after a talk is intended to give presenters the opportunity to expand on their talk in response to audience questions and is not a platform for the audience to individually reply.
- Be mindful of and understand that intersectionality shapes our lived experiences.
- Actively include all attendees in social gatherings (such as post-conference dinners and social events), particularly those for whom English is not a first language and junior students.

#### **ECRS 2024 adheres to the ICRS Diversity Statement & Code of Conduct**

#### **DIVERSITY STATEMENT of the INTERNATIONAL CORAL REEF SOCIETY shared by ECRS 2024**

All details can be read online at [ecrs2024.eu/inclusivity](https://ecrs2024.eu/inclusivity)

#### **SUSTAINABILITY POLICIES FOR ECRS 2024**

Being as sustainable and climate friendly as possible, ensuring the carbon neutrality, or even negativity, is one of the goals of the ECRS 2024. For this purpose, a Green Strategy Advisory Board has been established.

The green strategy essentially includes:

- measures to avoid and minimise local emissions of climate-altering gases and waste production, wherever possible;
- based on a Carbon Footprint study on actual data, offset unavoidable CO<sub>2</sub> emissions, particularly those caused by participants' travel, by investing in carbon offset projects.

The International Coral Reef Society supports the ECRS 2024 green strategy with a generous contribution to prevent and ultimately offset CO<sub>2</sub> emissions.
